
Second Session
1 - 5 December 1997

C-II/DEC.5
5 December 1997
Original: ENGLISH

DECISION

REPORTING OF RICIN PRODUCTION

The Conference

Taking into account the work of the Preparatory Commission on the issue of ricin production;

Noting in particular the technical difficulties related to the determination of when ricin production should be declared;

Hereby:

Decides that the Director-General shall task the Scientific Advisory Board to address scientific and technical aspects of this issue and to report its findings to the Conference within six months.
