**AN INVITATION TO PROPOSE CANDIDATES FOR ANOTHER  
NINE-DAY COURSE FOR PERSONNEL INVOLVED IN THE IMPLEMENTATION  
OF THE CHEMICAL WEAPONS CONVENTION**

1. In late 1998 the Secretariat will hold another nine-day course for personnel involved in the implementation of the Chemical Weapons Convention. The course curriculum, which is the same as for the course being held from 24 August - 1 September 1998, is contained in annex 1 to this document.
2. The course will be held at the Netherlands Defence College (Instituut Defensie Leergangen) in Ypenburg, near The Hague, the Netherlands, from 7 to 15 December 1998. The course fee will be NLG 1,000 per person, which includes all meals, medical insurance, the costs of course materials and handouts, and course-related travel within the Netherlands. The fee does not include the costs of travel to and from the Netherlands, and is payable in advance.
3. The course has been designed for the personnel of National Authorities, who could face a multitude of responsibilities when preparing for and actually implementing the Convention. It should be noted that the course will not be able to cover the more specialised needs of CW "possessor" Member States of the OPCW.
4. The course consists of four modules. Module A focuses on introductory aspects of the implementation of the Chemical Weapons Convention, and is suitable for participants with a limited background knowledge of the Convention. Module B deals with declaration-related issues, while module C considers inspection-related issues. For modules B and C the participants will require some background knowledge of the Convention, perhaps gained from the introductory module A. Finally, module D deals with the National Authority at work.
5. Participants may decide in advance whether they wish to follow the course beginning with module A, or whether they would prefer to attend only the more advanced modules - B, C and D.
6. Throughout the course, the language of instruction will be English. It will not be possible for participants to follow the course unless they have a good working knowledge of that language. No interpretation facilities of any kind will be provided.

7. Extensive background material on the subjects covered by the course will be made available to the participants upon confirmation of their participation, to allow them to prepare themselves for the course. Upon request, this material will be sent to the appropriate missions in The Hague and Brussels, to be forwarded to participants.
8. The Secretariat expects to be able to sponsor a limited number of candidates nominated by the Member States of the OPCW, to cover their travel costs and course fees. When proposing candidates for the course, Member States should specify whether sponsorship is a precondition for their participation. Participants in previous courses for the personnel of National Authorities that have been arranged by the Secretariat will not be considered for such sponsorship.
9. Member States of the OPCW which have not sent participants to any such courses previously organised by the Secretariat are particularly encouraged to submit candidates for the present course. One candidate from each such Member State will be given priority.
10. Applications from signatory States on behalf of candidates who will participate at their own expense are also encouraged. The number of such places available for candidates from signatory States may, however, be limited.
11. Member States and signatory States are invited to submit the names of candidates for participation in the course to the Secretariat not later than 30 October 1998. Applications received after that date will not normally be considered. All applications, together with the information requested in the form contained in annex 2 to this Note, should be addressed to the Director, International Cooperation and Assistance Division, OPCW, Johan de Wittlaan 32, NL-2517 JR The Hague, The Netherlands. Applications may also be submitted by fax (+31-70-306 3535) or by e-mail ([webmaster@opcw.org](mailto:webmaster@opcw.org)).
12. Additional information pertaining to the course may be obtained from the International Cooperation and Assistance Division of the OPCW, which can be contacted as specified in the previous paragraph.
