- 1. At its Fourteenth Session (from 30 November to 4 December 2009), the Conference of the States Parties adopted the decision C-14/DEC.4<sup>1</sup> (dated 2 December 2009), setting guidelines regarding low-concentration limits for declarations of Schedule 2A and 2A\* chemicals. In accordance with operative paragraph 2 of this decision, States Parties were required, in accordance with their constitutional processes, to implement these guidelines as soon as practicable.

- 3. In order to gather information for detailed reports on progress of implementation of decision C-14/DEC.4 that were to be included in the VIRs for 2011 and 2012, the Secretariat undertook questionnaire-based surveys to collect data on the progress made by States Parties in implementing this decision. The first survey (S/948/2011) was issued on 6 July 2011 and was entitled "Survey on the Implementation of Decision C-14/DEC.4: Guidelines Regarding Low-Concentration Limits for Declarations of Schedule 2A and 2A\* Chemicals"; the second survey (S/1040/2012) was issued on 18 September 2012.

- 5. In order to ensure that the information for the detailed report on the progress in implementation of this decision to be included as part of the VIR for 2013 is complete, the Secretariat is undertaking a third survey on the implementation of decision C-14/DEC.4.
