OPCW

Technical Secretariat

Verification Division S/1209/2014 27 August 2014 ENGLISH only

NOTE BY THE DIRECTOR-GENERAL

STATUS OF LABORATORIES DESIGNATED FOR THE ANALYSIS OF AUTHENTIC SAMPLES

- 1. The Conference of the States Parties at its First Session established the conditions under which laboratories may seek designation (C-I/DEC.60, 61, 62, and 65, all dated 22 May 1997), and at its Fifth Session (C-V/6, dated 19 May 2000) mandated the Executive Council (hereinafter "the Council") to take a decision regarding guidelines on the designation of laboratories for the analysis of authentic samples. The Council took this decision at its Twentieth Session (EC-XX/DEC.3, dated 28 June 2000).
- 2. When designating laboratories for the analysis of authentic samples, and in accordance with C-I/DEC.61 and C-I/DEC.65, the Director-General takes the following into account:
 - (a) whether the laboratory has established a quality system in accordance with the standards (ISO/IEC 17025:2005 or equivalent) and has valid accreditation by an internationally recognised accreditation body for the tasks for which it is seeking designation—namely, for the analysis of chemical-warfare agents and related compounds in various types of samples; and
 - (b) whether the laboratory has performed successfully in the proficiency-testing programme of the OPCW.
- 3. A laboratory must participate in the proficiency-testing programme at least once per calendar year. According to subparagraph 4(d) of the Annex to C-I/DEC.65, a rating of three "A's", or two "A's" and one "B", on the three most recent consecutive tests of a laboratory shall be regarded as constituting a successful performance.
- 4. If a designated laboratory performs unsuccessfully in a proficiency test, it may be temporarily suspended, but retain designated status, or it may have its designated status withdrawn, according to the guidelines in EC-XX/DEC.3. When this happens, the laboratory, also in accordance with EC-XX/DEC.3, will no longer be selected by the Director-General to receive and analyse authentic samples from the OPCW. However, it may perform other tasks, as set out in C-I/DEC.67 (dated 22 May 1997).
- 5. Following the completion of the Thirty-Fifth Official OPCW Proficiency Test, the Director-General wishes to inform Member States of the current status of the laboratories that have been designated for the analysis of authentic samples.

Twenty-one laboratories from 17 Member States are designated; eight of these are temporarily suspended.

DESIGNATED LABORATORIES

| | Laboratory | State Party |
|----|---|------------------------------|
| 1 | Defence Laboratories Department | Belgium |
| 2 | The Laboratory of Analytical Chemistry, | China |
| | Research Institute of Chemical Defence | |
| 3 | Laboratory of Toxicant Analysis, | China |
| | Institute of Pharmacology and Toxicology, | |
| | Academy of Military Medical Sciences | |
| 4 | VERIFIN, Finnish Institute for Verification of the | Finland |
| | Chemical Weapons Convention | |
| 5 | DGA Maîtrise NRBC, Département d'analyses chimiques | France |
| 6 | Bundeswehr Research Institute for Protective | Germany |
| | Technologies and NBC Protection | |
| 7 | Vertox Laboratory, Defence Research & Development | India |
| | Establishment | |
| 8 | Council of Scientific and Industrial Research, Centre for | India |
| | Analysis of Chemical Toxins, Indian Institute of | |
| | Chemical Technology | |
| 9 | Defense Chemical Research Laboratory | Iran (Islamic Republic of) |
| 10 | TNO Defence, Security and Safety | Netherlands |
| 11 | Chemical Analysis Laboratory, | Republic of Korea |
| | CB Department, Agency for Defence Development | |
| 12 | Chemical, Biological and Radiological Defense | Republic of Korea |
| | Research Institute | |
| 13 | Chemical Analysis and Testing Laboratory, Scientific | Romania |
| | Research Center for CBRN Defense and Ecology | |
| 14 | Laboratory for the Chemical and Analytical Control of | Russian Federation |
| | Military Research Centre | |
| 15 | Verification Laboratory, Defence Medical and | Singapore |
| | Environmental Research Institute, DSO National | |
| | Laboratories | |
| 16 | Laboratorio de Verificación de Armas Químicas | Spain |
| | (LAVEMA), Instituto Tecnológico "La Marañosa" | |
| 17 | FOI, CBRN Defence and Security, Swedish Defence | Sweden |
| | Research Agency | |
| 18 | Spiez Laboratory, Swiss NBC Defence Establishment | Switzerland |
| 19 | Defence Science and Technology Laboratory, Chemical | United Kingdom of Great |
| | and Biological Systems, Porton Down | Britain and Northern Ireland |
| 20 | Edgewood Chemical Biological Center, Forensic | United States of America |
| | Analytical Center | |
| 21 | Lawrence Livermore National Laboratory | United States of America |

6. The performance ratings of these laboratories are annexed hereto.
