EDIA Electronic Declarations tool for National Authorities

Version 2.0

Presentation to the **EDNA User Group Forum** 27 May 2009

Per Runn Consultant VER

The Organisation for the Prohibition of Chemical Weapons

EDNA Version 2.0

- To be released at the National Authority Days 2009.
- EDNA Version 2.0 will cover declaration of:
 - Schedule 2 Plant Sites
 - Schedule 3 Plant Sites
 - OCPF Plant Sites, and
 - Aggregate National Data AND
- Will not cover declaration of Schedule 1 facilities
 - Adding the option for Schedule 1 facilities will be based on requirements from National Authorities
- EDNA Version 1.x will be maintained through 2010

EDNA Version 2.0

- Some Highlights.
 - The user interface consistent with EDNA Version 1.x
 - EDNA Version 2.0 will support ADAA and ADPA for Schedule 2 and Schedule 3 plant sites
 - Aggregate National Data AND can be automatically aggregated from the data entered for declared plant sites
 - The option of entering and storing also information from non-declared Plant Sites or other entities as Traders or Custom Information for the purpose of compiling AND data
- Upgrade from EDNA Version 1.x
 - The upgrade to Version 2.0 will be automated
 - No loss of data when upgrading

EDNA Training and Outreach

- Release of EDNA Version 2.0 during the National Authority Days 27 – 29 November 2009.
- Training on EDNA Version 2.0 in the margins of CSP-14
- Further training events can be arranged in The Hague
- The Secretariat could, on request, provide training during bilateral visits or at regional meetings/workshops.
- Information EDNA and electronic declarations will be a regular feature for events organized by ICA/IPB
- Updated information will be posted on the OPCW Website and the OPCW External Server (log in required)
- Next User Group Forum tentatively planned for spring 2010

EDIA Electronic Declarations tool for National Authorities
