NOTE BY THE DIRECTOR-GENERAL

**CALL FOR NOMINATIONS FOR AN ASSISTANCE AND PROTECTION
TRAINING COURSE FOR INSTRUCTORS
LÁZNĚ BOHDANEČ, CZECH REPUBLIC
29 MAY – 6 JUNE 2019**

1. On behalf of the Government of the Czech Republic and the Organisation for the Prohibition of Chemical Weapons (OPCW), the Director-General wishes to invite States Parties to nominate participants for the fifth assistance and protection course for instructors, which will take place from 29 May to 6 June 2019 in Lázně Bohdaneč, the Czech Republic.
2. The course is being organised by the Technical Secretariat (hereinafter “the Secretariat”) and will provide training for instructors who are involved in training first responders to chemical emergency incidents. The course will cover the following topics:
 - (a) protection of personnel during a chemical emergency;
 - (b) sampling and detection procedures;
 - (c) rescue and decontamination operations in contaminated areas; and
 - (d) appropriate responses and countermeasures in the event of incidents involving chemical warfare agents or toxic chemicals.
3. The course will also provide an overview of the kinds of assistance the OPCW can provide, and will help participating States Parties to enhance the ability and skills of instructors in their countries to offer training on how to provide protection against chemical weapons and other toxic chemicals, as well as on how to manage chemical incidents.
4. The course will include individual and team procedures, tactics, and processes to deliver required operational readiness and to understand the complexity of hot/warm/cold zone management during a chemical incident.
5. The course will offer an introduction to the use of a chemical incident evaluation system using web-based databases. It will also facilitate the exchange of information and experiences regarding the implementation of Article X of the Chemical Weapons

Convention (hereinafter “the Convention”). The course will include table-top and field exercises on emergency response to chemical incidents.

6. Given the purpose of the course and its technical nature, candidates will be carefully selected according to the following criteria:
 - (a) All participants should be first responders and/or instructors/trainers, or be involved in developing an emergency response system in their own countries.
 - (b) All participants must have a good oral and written command of English, as all activities during the course will be conducted in English and no interpretation services of any kind will be available.
 - (c) Preference will be given to instructors from emergency response units, such as firefighters, chemical, biological, radiological, and nuclear (CBRN) units, emergency medical personnel, and police officers.
 - (d) Participants must be physically fit and capable of wearing individual protective gear for several hours at a time. Some practical experience with protective equipment is desirable.
7. Applications will be carefully screened on the basis of the criteria specified in paragraph 6 above. Only the most suitable applicants will be selected.
8. The Secretariat expects to be able to sponsor a limited number of participants from States Parties. For sponsored participants, it will cover the costs of accommodation and meals. Further details regarding accommodation, the course venue, and transport will be issued to all confirmed participants at a later date.
9. In order for the Secretariat to keep costs to a minimum, sponsored participants are expected to arrive **no earlier than Tuesday, 28 May 2019** and to depart **no later than Friday, 7 June 2019**. The Secretariat’s approval is required for any changes to the arrival and departure dates of sponsored participants.
10. The Secretariat will not cover expenses unrelated to the course or that result from unauthorised changes in travel arrangements. Participants who have not been sponsored are requested to make their own travel arrangements.
11. Participants are requested to obtain all necessary visas (including transit visas) before travelling to the Czech Republic.
12. Interested applicants are invited to register their nomination through Eventus—the OPCW event management system—**no later than 5 April 2019**. The Eventus registration link is accessible via the OPCW website (<https://apps.opcw.org/eventus>). Please note that all questions marked with an asterisk (*) must be answered and an endorsement letter from the relevant National Authority must be attached in order for the nomination to be received and for the candidate to be considered for this event. Interested applicants who, for technical reasons, are unable to submit their application online via Eventus are requested to send the nomination form (see Annex 2) along with an endorsement from the National Authority (see Annex 3) via email attachment to EmergAssistBr@opcw.org with reference to the name and location of the event in

the subject line of the message. Selected participants will be contacted no later than two weeks after the submission deadline.

13. Additional information on the course may be obtained from the International Cooperation and Assistance Division. The contact person is Mr Shahriar Khateri (Tel: +31 (0)70 416 3231).
