DRAFT DECISION

DRAFT PROGRAMME AND BUDGET OF THE OPCW FOR 2020

The Conference of the States Parties,

Recalling that subparagraph 21(a) of Article VIII of the Chemical Weapons Convention (hereinafter “the Convention”) requires, inter alia, that the Conference of the States Parties (hereinafter “the Conference”) consider and adopt at its regular sessions the Programme and Budget of the OPCW;

Recalling that subparagraph 32(a) of Article VIII of the Convention requires that the Executive Council (hereinafter “the Council”) consider and submit to the Conference the Draft Programme and Budget of the OPCW;

Recalling also that, according to Financial Regulation 3.1 of the OPCW Financial Regulations and Rules, the Director-General shall prepare a Draft Programme and Budget for each financial period, which is defined by Financial Regulation 2.1 as a calendar year;

Recalling further that the Third Review Conference\(^1\) welcomed the improvements made to the budgetary process of the OPCW since the Second Review Conference, and commended the Technical Secretariat (hereinafter “the Secretariat”) for the ongoing implementation of results-based management (RBM) (paragraph 9.149 of RC-3/3*, dated 19 April 2013);

Considering the Draft Programme and Budget of the OPCW for 2020 (EC-92/CRP.1, dated 5 July 2019 and Corr.1, dated 4 October 2019) submitted to it by the Council (EC-92/DEC.2, dated 10 October 2019);

Considering also that the core objectives of the OPCW, which are set out in the table on pages 31 to 33 of the Draft Programme and Budget for 2020, along with the associated indicators of achievement for each core objective, provide direction for 2020 for the programmes of the OPCW and the Secretariat;

Taking note of the fact that the Programme and Budget has been guided by the Organisation’s core objectives and the preservation of required capacity and capabilities, and has also considered the need for the Organisation to adapt in light of its mandate and the evolving challenges posed by the new security environment;

Having examined the programme objectives, which are reviewed each year, in the Draft Programme and Budget for 2020 along with the information this document provides on the key performance indicators for each objective, as well as on the detailed activities the Secretariat should engage in to achieve these objectives;

Affirming that nothing in the Draft Programme and Budget for 2020 should be interpreted in a way that is inconsistent with the Convention;

Recognising the negative consequences of the late payments by some States Parties of assessed contributions for the operational activities of the Organisation;

Stressing that all States Parties should fulfil their financial obligations as set out in the Financial Regulations and Rules of the Organisation in full, and without conditions;

Mindful that a cash surplus of EUR 2,546,654 has arisen for the financial year ending 31 December 2017, as reported by the Director-General in the “Financial Statements of the Organisation for the Prohibition of Chemical Weapons and Report of the External Auditor for the Year Ending 31 December 2018” (EC-92/DG.2 C-24/DG.5, dated 13 August 2019);

Recalling further that the Conference at its Twenty-Third Session reaffirmed that the Working Capital Fund (WCF) should be maintained at a target level of EUR 7,000,000 to 9,000,000 over the next two years by considering, inter alia, the transfer of future cash surpluses over the next two years, if available, to the WCF following a decision by the Conference (C-23/DEC.10, dated 20 November 2018);

Cognisant of the report by the Director-General on the status of implementation of the enterprise resource planning (ERP) system (EC-92/DG.21, dated 23 September 2019) stating that, as a result of delays in the implementation of the ERP system configuration needed to fulfil the OPCW’s defined requirements, additional funding is required for the special fund established by the Conference for implementation of the new ERP system (C-19/DEC.7, dated 3 December 2014);

Mindful also that at its Twenty-Second Session, the Conference approved the establishment of a Special Fund for the Fourth Review Conference in 2018 (C-22/DEC.10, dated 30 November 2017) on the basis that, inter alia, the Director-General shall continue to report to the Conference on the status of the Fund through the quarterly income and expenditure reports provided to the States Parties and through the annual audited financial statements of the OPCW, and also decided to review the implementation of this decision at its Twenty-Fourth Session;

Noting that the balance of the Special Fund for the Fourth Review Conference in 2018 had been exhausted as at 2 October 2019; 2

Further mindful that the Fourth Review Conference took place in 2018, that all financial commitments relating to the Fourth Review Conference have been disbursed, and that no further financial commitments are expected in relation to the Fourth Review Conference;

---

2 Balance of EUR 0 as stated in the Note by the Director-General entitled “Financial Status of the Special Fund for the Fourth Review Conference in 2018” (EC-92/DG.28, dated 2 October 2019).
Noting also that the Special Fund for the Fourth Review Conference in 2018 started operating from the date of its establishment by the Conference and exists until the Conference decides to close it;

Recalling further the decision by the Conference at its Twenty-Third Session to establish, in accordance with Financial Regulation 6.9, a Special Fund for Cybersecurity, Business Continuity, and Physical Infrastructure Security, for an initial period of 12 months from the date of approval by the Conference (C-23/DEC.12, dated 20 November 2018);

Noting further that of the balance of EUR 736,610 in the Special Fund for Cybersecurity, Business Continuity, and Physical Infrastructure Security as at 4 October 2019, committed funds were EUR 499,965, reflecting an uncommitted balance remaining in the fund of EUR 236,645;\(^3\)

Further mindful that costs have continued to be incurred in 2019 for activities related to cybersecurity, business continuity, and physical infrastructure security and that further costs will be incurred in the future;

Recalling further the decision by the Conference at its Twenty-Third Session to establish, in accordance with Financial Regulation 6.9, a Special Fund for IT Infrastructure to Support the Implementation of Decision C-SS-4/DEC.3, for an initial period of 12 months from the date of approval by the Conference (C-23/DEC.13, dated 20 November 2018);

Noting further that of the balance of EUR 436,073 in the Special Fund for IT Infrastructure to Support the Implementation of Decision C-SS-4/DEC.3 as at 4 October 2019, committed funds were EUR 124,363, reflecting an uncommitted balance remaining in the Fund of EUR 311,710;\(^4\)

Further mindful that costs have continued to be incurred in 2019 for activities related to this Fund and that further costs will be incurred in the future;

Further mindful that the Organisation must systematically replace its assets so that they remain efficient and the Organisation remains fit for purpose;

Acknowledging that at its Fourth Session the Conference established two special accounts, one for the OPCW Equipment Store and another for activities related to designated laboratories (C-IV/DEC.17, dated 2 July 1999) as a means to help fund equipment requirements in those areas and that, to date, a special account for asset categories other than those stated above does not exist, despite the need;

Recalling further that the External Auditor’s report on the 2017 Financial Statements of the OPCW (Annex 3 to EC-89/DG.3 C-23/DG.4, dated 7 August 2018) recommends a strategic

\(^3\) As stated in the Note by the Director-General entitled “Financial Status of the Special Fund for Cybersecurity, Business Continuity, and Physical Infrastructure Security” (EC-92/DG.31, dated 4 October 2019).

\(^4\) As stated in the Note by the Director-General entitled “Financial Status of the Special Fund for IT Infrastructure to Support the Implementation of Decision C-SS-4/DEC.3” (EC-92/DG.30, dated 4 October 2019).
approach of a long-term investment programme to plan equipment purchases which will enable better scheduling of both capital investment and the procurement activity, provide for greater transparency and clearer alignment of objectives, and enable a more consistent funding strategy to avoid spikes in the annual funding required from States Parties;

Noting further that the 2018 Financial Statements of the OPCW (Annex 1 to EC-92/DG.2 C-24/DG.5, dated 13 August 2019) show that the fully depreciated property, plant, equipment, and intangible assets of the Organisation still in use are proportionally high;

Recalling further the Note by the Secretariat entitled “Request for the Establishment of a Special Fund for Major Capital Investments” (RC-4/S/3, dated 27 November 2018) which sets out the purpose for the establishment of such a fund;

Understanding that, after issuing Note RC-4/S/3, the Secretariat reviewed its major capital requirements in July and August of 2019 through a comprehensive internal survey across all programmes, following which the eligibility threshold for an investment to qualify as a major capital investment for the purposes of the Special Fund for Major Capital Investments was revised from EUR 70,000 to EUR 50,000 to cover a broader base of Organisational assets;

Understanding also that the Secretariat, as part of the consultations with States Parties on the draft Programme and Budget of the Organisation for 2020, considers that the major capital funding needs of the Organisation are better reflected over a five-year period (2020–2024), for which the projection is approximately EUR 6.3 million (excluding the future needs of the Centre for Chemistry and Technology (ChemTech Centre) that are to be identified once the ChemTech Centre is completed), than over the two-year period stated in Note RC-4/S/3 (2020–2021, for which the projection was approximately EUR 3.2 million);

Recalling further that Financial Regulation 6.9 states that special funds may be established by the Conference for clearly defined activities which are consistent with the object and purpose of the OPCW as defined in the Convention;

Recalling further the Note by the Director-General entitled “Request for the Establishment of a Special Fund for Capacity Building for Laboratories and Transfer of a Portion of the 2017 Cash Surplus” (EC-92/DG.27, dated 2 October 2019), which sets out the purpose of the proposed special fund;

Understanding further that the Secretariat runs a wide range of capacity-building activities to support States Parties in the development of laboratories capable of handling and analysing Convention-related chemicals, and that these activities have led to significant demand for increased efforts from the Secretariat in this area of capacity building and, with the support of voluntary contributions, in the design and roll-out of a programme to identify potential laboratories for additional support, scoping their current capabilities, assessing their needs, and providing tailor-made programming to build the requisite analytical and laboratory skills; and

Noting further the proposal contained in the Draft Programme and Budget of the OPCW for 2020 (EC-92/CRP.1 and Corr.1) on the funding of extraordinary provisions for the ERP Project, the Special Fund for Major Capital Investments, and the Special Fund for Capacity Building for Laboratories, from the 2017 cash surplus;
Hereby:

I. **General**

2. **Emphasises also** that the focus of the Organisation’s resources should be on the operational programmes;

6. **Stresses** the importance of linking resource requests to results and **recommends** the increased use of standard costing;

7. **Welcomes** the Secretariat’s work to improve its performance reporting and **requests** the Secretariat to accelerate its work to develop a systematic approach to monitoring and evaluating its activities which should, inter alia, see the inclusion of programme impact assessments and lessons learned in the next and subsequent annual programme performance reports; and

(d) to **affirm** that the level of future budgets should not exceed the approved 2018 budget of EUR 66,814,922 for “Total Operational and Support Programmes”, while allowing for temporary additional funding for the implementation of decision C-SS-4/DEC.3 as considered necessary by the Conference in 2019, 2020, and 2021;

(g) to **note also** that the number of Article VI inspections approved for the year 2020 is 241;

(o) to strongly urge each State Party to pay in full its assessed contribution to the OPCW for 2020 within 30 days of receiving the communication from the Director-General requesting such payment, as any delays in payment affect the implementation of the programme and budget;

(p) to call upon the 22 States Parties that are in arrears in the payment of their assessed contributions to the OPCW to immediately pay those arrears or submit a proposal for a payment plan to eliminate them, in accordance with the framework approved by the Conference at its Eleventh Session (C-11/DEC.5, dated 7 December 2006);
