In 2016 and 2017, I worked with my Austrian colleague, as the co-facilitators, on the OPCW Programme & Budget.

After the first round of facilitation, we have arranged bilateral meetings with representatives of both groups, concerned countries and regional groups, in order to categorize their comments, questions and/or any recommendations. Thereafter, we have shared them with the Technical Secretariat asking them to prepare their presentations within the second round of facilitation in a way to meet all aspects defined.

In the same vein, all parties have provided us with valuable and constructive feedback on our initiative. Undoubtedly, it was our great honor that this collaboration team interaction was supported by States Parties in general and acknowledged by the Director-General, NAM CWC States Parties & China, as well as Regional Groups in particular.
