**Impact of the coronavirus disease (COVID-19)**

8. As previously reported, the COVID-19 pandemic continues to impact the Secretariat’s ability to deploy to the Syrian Arab Republic. The Secretariat is maintaining its readiness for deployments, which are being conducted subject to the evolution of the pandemic. The travel restrictions notwithstanding, the Secretariat is continuing its mandated activities related to the Syrian chemical weapons programme and its engagement with the Syrian Arab Republic in this regard.

**Progress achieved by the Syrian Arab Republic in meeting the requirements of Executive Council decisions EC-M-33/DEC.1 and EC-M-34/DEC.1**

(a) As stated in previous reports, the Secretariat has verified the destruction of all 27 chemical weapons production facilities (CWPFs) declared by the Syrian Arab Republic.

(b) On 15 June 2021, the Syrian Arab Republic submitted to the Council its ninety-first monthly report (EC-97/P/NAT.4, dated 15 June 2021) regarding activities on its territory related to the destruction of its chemical weapons and CWPFs, as required by paragraph 19 of EC-M-34/DEC.1.

Activities carried out by the Technical Secretariat with respect to Executive Council decisions EC-81/DEC.4 and EC-83/DEC.5

11. The Declaration Assessment Team (DAT) continues its efforts to clarify all outstanding issues regarding the initial declaration of the Syrian Arab Republic in accordance with paragraph 3 of Council decision EC-81/DEC.4, paragraph 6 of Council decision EC-83/DEC.5, and paragraph 5 of Council decision EC-94/DEC.2.

12. As reported previously, regarding the issue of a former CWPF that was declared as never having been used to produce and/or weaponise chemical weapons, and in keeping with the remarks made by the Director-General to the Council at its Ninety-Sixth Session, the Secretariat continues to maintain that the Syrian Arab Republic must declare all chemical warfare agents produced and/or weaponised at this site.

13. The twenty-fifth round of consultations between the DAT and the Syrian National Authority was initially scheduled to begin on 18 May 2021 in Damascus. In preparation, the Director-General sent two letters to notify the Syrian Arab Republic of his intention to deploy the DAT and to request the issuance of visas for DAT members. As the Secretariat did not receive any response, the Syrian Arab Republic was informed through a note verbale dated 26 May 2021 that the deployment had been postponed until further notice.

14. At this stage, considering the identified gaps, inconsistencies, and discrepancies that remain unresolved, the declaration submitted by the Syrian Arab Republic still cannot be considered accurate and complete in accordance with the Chemical Weapons Convention (hereinafter “the Convention”), Council decision EC-M-33/DEC.1, and United Nations Security Council resolution 2118 (2013). The Secretariat will continue to engage with the Syrian National Authority regarding the remaining outstanding issues in its initial declaration and subsequent submissions, and will continue to keep the Council updated regarding progress made in these activities.

15. In accordance with paragraph 10 of Council decision EC-83/DEC.5, the Secretariat is continuing to assess conditions for the conduct of inspections at the sites identified by the OPCW-United Nations Joint Investigative Mechanism in its third and fourth reports. In doing so, the Secretariat is taking into account the evolution of the COVID-19 pandemic.

16. Pursuant to paragraph 11 of Council decision EC-83/DEC.5, the Secretariat is planning to conduct two rounds of inspections of the Barzah and Jamrayah facilities of the Syrian Scientific Studies and Research Centre (SSRC) in 2021. The conduct of further inspections of these facilities remains subject to the evolution of the COVID-19 pandemic.

17. With regard to the detection of a Schedule 2.B.04 chemical during the third round of inspections at the Barzah facilities of the SSRC in November 2018, the Syrian Arab Republic has yet to provide sufficient technical information or explanations that would enable the Secretariat to close this issue.
Other activities carried out by the Technical Secretariat with respect to the Syrian Arab Republic

18. On 3 June 2021, the Director-General briefed the United Nations Security Council in open mode via videoconference on the status of the Secretariat’s activities related to the Syrian chemical weapons dossier.

19. The United Nations Office for Project Services (UNOPS) continues to provide support to the OPCW Mission in the Syrian Arab Republic in accordance with the Tripartite Agreement concluded between the OPCW, UNOPS, and the Syrian Arab Republic. This agreement facilitates the Secretariat’s mandated activities in the Syrian Arab Republic pertaining to the full elimination of the Syrian chemical weapons programme, and to any subsequent decision or resolution of the relevant organs of the OPCW or the United Nations, as well as any bilateral agreements concluded between the OPCW and the Syrian Arab Republic.

Activities carried out by the Technical Secretariat with respect to decision C-SS-4/DEC.3 of the Conference of the States Parties at its Fourth Special Session related to the use of chemical weapons in the Syrian Arab Republic

23. Decision C-SS-4/DEC.3 (dated 27 June 2018), adopted by the Conference at its Fourth Special Session, addresses, inter alia, the use of chemical weapons in the Syrian Arab Republic.

24. Pursuant to paragraph 10 of C-SS-4/DEC.3, the Secretariat established the Investigation and Identification Team (IIT) to identify the perpetrators of the use of chemical weapons in the Syrian Arab Republic by identifying and reporting on all information potentially relevant to the origin of those chemical weapons in those instances in which the FFM determines or has determined that use or likely use occurred, and cases for which the OPCW–United Nations Joint Investigative Mechanism did not issue a report.
25. Following the issuance of its second report on 12 April 2021,¹ the IIT is continuing its investigations and will issue further reports in due course, subject to the evolution of the COVID-19 pandemic.

Activities carried out by the Technical Secretariat with respect to Executive Council decision EC-94/DEC.2

26. In paragraph 5 of decision EC-94/DEC.2, the Council decided “to request, pursuant to paragraph 36 of Article VIII of the Convention, that the Syrian Arab Republic complete all of the following measures within 90 days of this decision in order to redress the situation:

(a) declare to the Secretariat the facilities where the chemical weapons, including precursors, munitions, and devices, used in the 24, 25, and 30 March 2017 attacks were developed, produced, stockpiled, and operationally stored for delivery;

27. At the end of the 90 days, the Syrian Arab Republic had not completed any of these measures.

28. With regard to the inspections mandated by paragraph 8 of EC-94/DEC.2, the Secretariat is monitoring the current security situation and will inform the Syrian Arab Republic when it is prepared to deploy for this purpose. The conduct of these inspections will also be subject to the evolution of the COVID-19 pandemic.

Activities carried out by the Technical Secretariat with respect to Conference decision C-25/DEC.9

29. In paragraph 7 of decision C-25/DEC.9, the Conference decided, after careful review, and without prejudice to the Syrian Arab Republic’s obligations under the Convention, pursuant to subparagraph 21(k) of Article VIII and paragraph 2 of Article XII of the Convention, to suspend several rights and privileges of the Syrian Arab Republic under the Convention.

30. In paragraph 8 of the decision, the Conference decided, inter alia, that the rights and privileges of the Syrian Arab Republic suspended in accordance with paragraph 7 of decision C-25/DEC.9 are reinstated by the Conference once the Director-General has reported to the Council that the Syrian Arab Republic has completed all of these measures. As at the date of this report, the Syrian Arab Republic had not completed any of the measures stipulated in paragraph 5 of EC-94/DEC.2.

31. The Secretariat will continue to engage with the Syrian Arab Republic with regard to the completion of these measures and will continue to report to the Council as mandated.
