NOTE BY THE TECHNICAL SECRETARIAT

INVITATION TO APPLY FOR A WUPPERTAL COURSE ON
EXPLOSION PROTECTION AND SAFETY MANAGEMENT
IN THE CHEMICAL PROCESS INDUSTRIES (ONLINE)
5 SEPTEMBER – 7 OCTOBER 2022

1. The Federal Government of Germany, the University of Wuppertal, and the Technical Secretariat (hereinafter “the Secretariat”) of the Organisation for the Prohibition of Chemical Weapons (OPCW) wish to inform OPCW Member States about an online course on explosion protection and safety management in the chemical process industries for Member States in Africa, Asia, and Latin America and the Caribbean.

Purpose of the course

2. The online course, supported by the Federal Government of Germany, will be held from 5 September to 7 October 2022 at the University of Wuppertal in Germany, and was developed by the Chair of Chemical Safety and Fire Defence.

3. The course will accommodate a total of 24 participants (12 participants from Member States in Africa; six participants from Member States in Asia; and six participants from Member States in Latin America and the Caribbean).

4. The course is intended for participants with a background in chemistry, chemical engineering, or the chemical industry who are currently working at a chemical or manufacturing industrial facility or who, because of their involvement in the implementation of the Chemical Weapons Convention (hereinafter “the Convention”), are called upon to interact with the chemical industry at various levels (for example, in relation to formulating, analysing, or implementing chemical safety policies in their home countries).

5. The course has been designed using the “train-the-trainer” approach for participants who are in a position and ready to share the gained knowledge and expertise in their home countries for the full implementation of the Convention.

Duration of the course

6. The course will be held from 5 September to 7 October 2022.
Content

7. The course will be delivered in an interactive format in a total of 13 sessions. This includes combined parts of lectures, self-learning contents, discussions, and group exercises with a final presentation to be followed by a final exam at the end of the course. The course will begin with a briefing on the Convention, particularly those provisions related to how it is implemented in terms of the chemical industry. Subsequently, the focus will shift to the following topics:

(a) management of hazardous substances (chemical transportation, handling and storage);
(b) human factors (organisational and communicational aspects);
(c) explosion protection (hazard assessment approach, determination of substance properties, zoning, ignition sources, explosion protection measures, etc.); and
(d) group exercises (explosion hazard assessment approach based on examples from the process industries).

8. During the course, participants will be expected to gain the skills they require to implement modern technical safety practices and to fulfil their responsibilities to develop sustainable safety management related to the chemical industry. Moreover, participants will be encouraged to contribute to the development of a culture of safety in their working environments.

Admission requirements

9. Participants are expected to meet the following criteria:

(a) hold a degree or diploma in chemistry/chemical engineering or have extensive experience working or dealing with the chemical industry;
(b) be involved in promoting chemical safety management in their home countries or other States Parties; and
(c) be ready to disseminate the knowledge and expertise gained during the course for the full implementation of the Convention.

Membership of a chemical industry association would be desirable.

10. All course activities will be conducted in English, and no interpretation services of any kind will be provided. Participants are therefore expected to have a good command of the English language, both written and oral.

Selection procedure

11. Applications will be carefully screened on the basis of the criteria specified in paragraph 9 above. Eligible candidates from government, industry, or academia who have work experience in or who interact with the chemical sector in their country are especially encouraged to apply through their National Authority.
Control of success

12. To assure that participants gain a profound understanding of the topics and exercises taught during the course in such a way that they can use and disseminate the methods and techniques learned, a final exam will take place at the end of the course.

Application procedure

13. Interested applicants from National Authorities and their relevant stakeholders are invited to apply online through Eventus—the OPCW event management system ([https://apps.opcw.org/eventus](https://apps.opcw.org/eventus)). Applicants should create an account in Eventus and then register for the training course. Please note that an endorsement letter from the National Authority must be attached in order for the nomination to be received and for the candidate to be considered for this event. The endorsement form, which is attached to this Note as Annex 2, must be uploaded during the course registration process. Interested applicants who, for technical reasons, are unable to submit their application online via Eventus are requested to email the application form (Annex 1) along with the endorsement from the National Authority (Annex 2) to Dr Alexey Leksin (leksin@uni-wuppertal.de) at the University of Wuppertal, copying the International Cooperation Branch, International Cooperation and Assistance Division, OPCW (icb.events@opcw.org), with a reference to the name of the event in the subject line of the message.

14. All applications must be received by the University of Wuppertal and the Secretariat no later than 28 February 2022. Additional information about the programme may be obtained from Dr Alexey Leksin (Tel: +49 202 439 2065; Email: leksin@uni-wuppertal.de), Mr Taeeon Kim, Programme Officer (Tel: +31 (0)70 416 3469), or Ms Julia González, International Cooperation Branch (Tel: +31 (0)70 416 3239).

Annexes:

Annex 1: Application Form

Annex 2: Endorsement by the National Authority Form
Annex 1

WUPPERTAL COURSE ON EXPLOSION PROTECTION AND SAFETY MANAGEMENT IN THE CHEMICAL PROCESS INDUSTRIES (ONLINE)

5 SEPTEMBER – 7 OCTOBER 2022

APPLICATION FORM

1. Before completing this form, applicants should read the guidelines presented in the cover Note to confirm their eligibility.

2. Applicants should complete sections 1 to 4 below, attach the documents listed in section 5, and sign section 6, and then send the form either to their National Authority or to the Permanent Representation of their country to the OPCW, with a request to complete the endorsement form (Annex 2).

3. The National Authority or the Permanent Representation should complete the endorsement form (Annex 2) and upload to the Eventus platform no later than 28 February 2022.

SECTION 1. PERSONAL AND CONTACT DETAILS

<table>
<thead>
<tr>
<th>Family name of nominee⁴</th>
</tr>
</thead>
<tbody>
<tr>
<td>First name(s)⁴</td>
</tr>
<tr>
<td>Work address</td>
</tr>
<tr>
<td>Home address</td>
</tr>
<tr>
<td>Date of birth</td>
</tr>
<tr>
<td>Citizenship</td>
</tr>
<tr>
<td>Gender²</td>
</tr>
<tr>
<td>Passport number</td>
</tr>
<tr>
<td>Date of issue</td>
</tr>
<tr>
<td>Date of expiry</td>
</tr>
<tr>
<td>Place of issue</td>
</tr>
<tr>
<td>Email address</td>
</tr>
<tr>
<td>Telephone numbers, including country and city codes</td>
</tr>
<tr>
<td>Fax numbers, including country and city codes</td>
</tr>
</tbody>
</table>

⁴ Please give the first and family names exactly as they appear in the applicant’s passport.

² For this and all like items, please tick the appropriate box.
### SECTION 2. EDUCATION AND TRAINING

Please list each degree or other qualification you have obtained, starting with the most recent.

<table>
<thead>
<tr>
<th></th>
<th>Name and location of institution</th>
<th>Main field(s) of study</th>
<th>Dates attended</th>
<th>Degree or qualification obtained</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2.</td>
<td></td>
<td></td>

Have you participated in any OPCW programmes in the last five years?  
Yes [ ] No [ ]  
If yes, please give details.

Have you applied for any other support from the OPCW?  
Yes [ ] No [ ]  
If yes, please give details.

Please list the major analytical equipment in your laboratory and clearly state whether your institution/laboratory has GC\(^3\) and/or GC-MS\(^4\) equipment.

\(^3\) GC = gas chromatography.  
\(^4\) GC-MS = gas chromatography-mass spectrometry.
SECTION 4. SUPPORTING STATEMENT
Please state briefly why you are applying for the course, and indicate what you expect to gain from it and how it would benefit your work, your institution, and your country.

SECTION 5. SUPPORTING DOCUMENTATION
Please attach the following documents to your application:

(a) a letter of recommendation from your supervisor, which confirms your qualifications in accordance with paragraph 4 of the cover Note to which this form is annexed, and that attests to the relevance of this course to the work of the institution at which you are working;
(b) an updated curriculum vitae;
(c) a one-page description of your practical experience; and
(d) a photocopy of the personal identification pages of your passport.
Applications without full supporting documentation cannot be accepted.

SECTION 6. SIGNATURE OF APPLICANT

Signature: _______________________________ Date: __________________
Annex 2

WUPPERTAL COURSE ON EXPLOSION PROTECTION AND SAFETY MANAGEMENT IN THE CHEMICAL PROCESS INDUSTRIES (ONLINE)

5 SEPTEMBER – 7 OCTOBER 2022

ENDORSEMENT BY THE NATIONAL AUTHORITY

This form must be signed, duly sealed, and uploaded when submitting your application online (https://apps.opcw.org/eventus)

Please type or use BLOCK LETTERS

I, _______________________________________________, Head/Chief Coordinator of the National Authority of the State Party of ____________________________, on behalf of the Government of ____________________________, hereby endorse the application of Mr/Ms ____________________________________________________________, holding the position/designation of ____________________________________________________________, in the Office/Division/Branch of ____________________________________________________________, as indicated in the attached application form, for participation in the Wuppertal Course on Explosion Protection and Safety Management in the Chemical Process Industries (Online) from 5 September to 7 October 2022.

Signature: ______________________________________________

Name: _________________________________________________

Designation: ______________________________________________

Official seal of the National Authority:
