2 Article VIII, paragraph 8, of the Chemical Weapons Convention (hereinafter “the Convention”) states the following: “A member of the Organisation which is in arrears in the payment of its financial contribution to the Organisation shall have no vote in the Organisation if the amount of its arrears equals or exceeds the amount of the contribution due from it for the preceding two full years.” In assessing Member States’ voting rights in any given year, the Secretariat, following past practice, does not factor into its calculation of arrears any amounts still outstanding for the current year, and takes into account only amounts outstanding from annual assessments for previous years. Member States that joined the Convention during the preceding two years are not included in this assessment.

3 Does not include arrears from Member States relating to the Preparatory Commission or the WCF.

4 This minimum payment is required so that arrears are reduced to an amount that does not exceed the amount of contributions due from the Member State for 2005 and 2006, pursuant to Article VIII, paragraph 8, of the Convention. Any arrears from Member States relating to the Preparatory Commission or the WCF have not been included in the minimum payment required. The OPCW’s Financial Regulation 5.6 requires that payments made to the OPCW by a Member State, other than contributions under Articles IV and V of the Convention, be credited first to any arrears in advances to the WCF and then to any arrears in assessed annual contributions, in the order in which these contributions were assessed.
