

**DECISION****PRIMARY DECONTAMINATION OF  
THE CHEMICAL WEAPONS PRODUCTION FACILITY****The Conference**

**Recalling** that the Commission, in its PC-V/12, subparagraph 6.2(b), adopted the understanding that, in order to ensure the safe conduct of on-site inspections, a State Party should be encouraged to complete the primary decontamination of the CWPF as part of its closure and inactivation measures,

**Recalling** the understanding that some limited decontamination capability may be required after closure and inactivation to ensure the safety of inspectors and personnel,

**Recalling** also the understanding that a decontamination capability may also be required to provide safe conditions for dismantling and destroying the plant and to avoid potential environmental contamination,

**Recalling** that the Commission noted that, in connection with these decontamination requirements, a limited amount of safety equipment will be required,

**Bearing in mind** that the Commission recommended in paragraph 49.3.5 of its Final Report that the Conference adopt the above mentioned understanding,

**Hereby:**

1. **Adopts** the understanding regarding primary decontamination of the chemical weapons production facilities.
