**NOTE BY THE DIRECTOR-GENERAL**

**CHEMICAL SUPPORT TRAINING COURSE,  
REVINGE, SWEDEN, 7 - 26 AUGUST 2000**

1. On behalf of the Government of Sweden and the Organisation for the Prohibition of Chemical Weapons, the Director-General wishes to invite Member States to nominate participants for a chemical support training course, which will be held at the Rescue College Revinge, near Malmö, Sweden, from 7 - 26 August 2000.
2. The course is related to the offer made by Sweden, under Article X of the Chemical Weapons Convention, to provide assistance and protection against chemical weapons (CW), and will be jointly organised by the Government of Sweden and the Secretariat. The course will provide training in planning for and building up chemical support in the areas of civilian protection, rescue operations in contaminated areas, as well as appropriate responses and countermeasures in the event of a terrorist attack with toxic chemicals. It will also give an overview of the Swedish organisation and its capabilities to provide assistance.
3. The course will provide basic training for CW response teams and planners from Member States, to assist them in their efforts to establish a basic CW protection capability that will directly benefit the civilian population. The course will draw on Sweden's extensive experience in planning, preparing for and providing training in civilian CW protection. Applicants from Member States which do not yet have a civilian CW protection capability will be particularly welcome. Participants should have a basic technical background, as well as very good English language skills. They should also be physically fit and able to wear individual protective gear for several hours during some practical sessions of the course. The selected candidates will be required to take a medical test before travelling to Sweden. Some practical experience with CW protective equipment would be desirable.
4. It is anticipated that participants will arrive on Sunday, 6 August, and depart on Sunday, 27 August 2000. Participants are requested to obtain any necessary visas (including transit visas) before travelling to Sweden. The Secretariat expects to be able to sponsor a limited number of candidates, to cover their travel costs. When proposing candidates for the course, Member States should specify whether such sponsorship is a precondition for their participation. The course materials, as well as accommodation and all meals during the course, will be provided. Further details regarding accommodation, the course venue and transportation will be issued to participants at a later date.

5. Interested Member States are invited to complete the nomination form attached as annex 1 to this Note, giving the full name and address (including fax and telephone numbers, and e-mail address, if available) of each nominee, together with his/her affiliation and area(s) of expertise. The completed nomination form, together with a brief biography of each nominee, should be submitted to the Assistance Branch, International Cooperation and Assistance Division (ICA), as soon as possible, but no later than 19 May 2000, to allow sufficient time for the Secretariat and the Swedish authorities to make the necessary arrangements. In the meantime, Member States are requested to inform the ICA of any administrative or other problems that may arise in relation to the attendance of any nominee.
  
6. A tentative schedule for the training course is attached as annex 2 to this Note. Further details of the arrangements will be issued as soon as the ICA receives confirmation from the participants that they will attend the course. Any questions in this regard may be addressed to the Assistance Branch, ICA:

Tel.: +31-(0)70 416 3555; 416 3823
