NOTE BY THE TECHNICAL SECRETARIAT

INVITATION TO APPLY FOR AN ANALYTICAL CHEMISTRY COURSE IN FRENCH UNDER THE PROGRAMME TO STRENGTHEN COOPERATION WITH AFRICA, TO BE HELD AT INRAP LABORATORIES, TUNISIA
14 - 25 November 2011

Purpose of the course

1. The Technical Secretariat (hereinafter “the Secretariat”) wishes to inform Member States that it will hold an analytical chemistry course in French in November 2011 under the Programme to Strengthen Cooperation with Africa. The course will be supported jointly by the Secretariat and the National Institute for Research-Physical and Chemical Analysis (INRAP), Tunisia. The course itself will be held at the INRAP Laboratories.

2. The course is intended for chemistry professionals from industry, government, or academia who are involved in the analysis, synthesis, or quality control of chemicals related to the Chemical Weapons Convention (hereinafter “the Convention”). The course will enable participants to gain a sound working knowledge of the principles, procedures, and applications of gas chromatography (GC) and gas chromatography-mass spectrometry (GC-MS) for the analysis of chemicals related to the Convention. The course will accommodate 12 participants.

Duration of the course

3. The course will be held from 14 to 25 November 2011. Successful candidates should be prepared to travel three or four days before the course begins in order to be able to register and complete pre-course formalities in a timely manner.

Content

4. The course will begin with the provision of basic training and hands-on experience in sample preparation, and with instruction in GC and GC-MS analytical techniques. This will include an explanation of the hardware involved, instrument testing and optimisation, basic maintenance, and troubleshooting.

5. The second part of the course will focus on the preparation of environmental samples and on how to use GC and GC-MS for the analysis of samples of chemicals related to the Convention. During this segment, participants will be provided with intensive
hands-on training in the handling of different sample matrices for subsequent analysis by GC with element-selective detectors and by GC-MS in electron ionisation mode. Participants will be introduced to the principles of conducting such analyses, as well as to a range of extraction, clean-up, and derivatisation procedures. Aspects on the importance of quality control of analytical data, including the use of libraries, will also be covered.

**Sponsorship**

6. The cost of the course, and of accommodation for all participants, will be covered by the Secretariat. In addition, the Secretariat will pay for international travel, visas, the provision of a daily subsistence allowance, and medical and travel insurance for all participants for the duration of the course.

7. Participants are requested to obtain any necessary visas, including travel visas, before travelling to Tunisia. As noted above, the Secretariat will cover the costs of these visas by reimbursing participants upon production of the original receipts. The Secretariat will also send information to the selected participants on applying for Tunisian visas.

**Admission requirements**

8. Participants should:

   (a) hold a degree or diploma in chemistry or analytical chemistry from a recognised university or institution;

   (b) have at least three years of work experience in analytical chemistry or in other relevant fields;

   (c) have experience working with either GC or GC-MS techniques; and

   (d) be citizens of French-speaking African Member States.

9. All course activities will be conducted in French, and no interpretation services of any kind will be provided. Participants are therefore expected to have a good command of the French language, both written and oral.

10. Participants may be required to sign both a set of terms and conditions for participation in the course and a confidentiality agreement with the OPCW.

**Selection procedure**

11. Applications will be carefully screened on the basis of the criteria specified in paragraph 8 above. Only the most suitable applicants will be interviewed. Eligible candidates from laboratories that have sought or are receiving support under the Laboratory-Assistance Programme are especially encouraged to apply.
Application procedure

12. Applicants from laboratories in French-speaking African Member States are invited to complete the application form that is included as the Annex to this Note, making sure in particular to provide all the contact details it requests. To facilitate communication with the Secretariat and with INRAP Laboratories, each applicant must provide an e-mail address or a fax number. The completed form, together with a curriculum vitae and a recommendation from the National Authority or the Permanent Representation of the applicant’s country, should be sent to the Head, International Cooperation Branch, International Cooperation and Assistance Division, OPCW, Johan de Wittlaan 32, 2517 JR The Hague, the Netherlands. Applications may also be submitted by fax to: +31 (0)70 416 3279 or +31 (0)70 306 3084, or by email to: icb@opcw.org

13. All applications must be received by the Secretariat no later than 9 September 2011. Additional information may be obtained from the International Cooperation Branch, International Cooperation and Assistance Division, at the contact telephone numbers given below.

Have you received financial or other support from the OPCW within the past three years?  
Yes ☐ No ☐  
If so, please give details.

Have you applied for any other support from the OPCW?  
Yes ☐ No ☐  
If so, please give details.

Would you like your name to be placed on our database for other courses?  
Yes ☐ No ☐
SECTION 4. SUPPORTING STATEMENT

Please state briefly why you are applying for the course, and indicate both what you expect from it and how it would benefit your work, your institution, and your country.

SECTION 5. SUPPORTING DOCUMENTATION

Please attach the following documents to your application:

(a) a letter of recommendation from your supervisor, which confirms your qualifications in light of paragraph 8 of the Note to which this form is annexed, and that attests to the relevance of this course to the work of the institution at which you are working;

(b) an updated curriculum vitae;

(c) a one-page description of your practical experience; and

(d) a photocopy of the specification pages of your passport.

Applications without full supporting documentation cannot be accepted.
