ARABIC and ENGLISH only

NOTE BY THE TECHNICAL SECRETARIAT

**CALL FOR NOMINATIONS FOR A LABORATORY WORKSHOP FOR THE
MIDDLE EAST REGION TO BE HELD IN AQABA, JORDAN
16 – 27 SEPTEMBER 2013**

Purpose of the workshop

1. The Technical Secretariat (hereinafter “the Secretariat”) wishes to inform Member States from the Middle East region that it will hold a laboratory workshop/training course for analytical chemistry professionals in English in 2013. The workshop will be supported jointly by the Secretariat and the Ben Hayyan-Aqaba International Laboratories (hereinafter “Ben Hayyan Laboratories”) in Aqaba, Jordan. The workshop itself will be held at the Ben Hayyan Laboratories.
2. The workshop is intended for chemistry professionals from industry, government, or academia who are involved in the analysis, synthesis, or quality control of chemicals related to the Chemical Weapons Convention (hereinafter “the Convention”). The workshop will enable participants to gain a sound working knowledge of the principles, procedures, and applications of gas chromatography (GC) and gas chromatography-mass spectrometry (GC-MS) for the analysis of chemicals related to the Convention. The workshop will accommodate a maximum of 12 participants.

Duration of the workshop

3. The workshop will be held from 16 to 27 September 2013. Successful candidates should be prepared to travel one or two days before the workshop begins in order to be able to register and complete pre-workshop formalities in a timely manner.

Content

4. The workshop will begin with the provision of basic training and hands-on experience in sample preparation, and with instruction in GC and GC-MS analytical techniques. This will include an explanation of the hardware involved, instrument testing and optimisation, basic maintenance, and troubleshooting.
5. The second part of the workshop will focus on the preparation of environmental samples and on how to use GC and GC-MS for the analysis of samples of chemicals related to the Convention. During this segment, participants will be provided with

intensive hands-on training in the handling of different sample matrices for subsequent analysis by GC with element-selective detectors and by GC-MS in electron ionisation mode. Participants will be introduced to the principles of conducting such analyses, as well as to a range of extraction, clean-up, and derivatisation procedures. Aspects on the importance of quality control of analytical data, including the use of libraries, will also be covered.

Sponsorship

6. The cost of the workshop, and of accommodation for all participants, will be covered by the Secretariat. In addition, the Secretariat will pay for international travel, visas, the provision of a daily subsistence allowance, and medical and travel insurance for all participants for the duration of the workshop.
7. Participants are requested to obtain any necessary visas, including travel visas, before travelling to Jordan. As noted above, the Secretariat will cover the costs of these visas by reimbursing participants upon production of the original receipts. The Secretariat will also send information to the selected participants on applying for Jordanian visas.

Admission requirements

8. Participants should:
 - (a) hold a degree or diploma in chemistry or analytical chemistry from a recognised university or institution;
 - (b) currently working in a laboratory and having at least three years of work experience in analytical chemistry or in other relevant fields;
 - (c) have experience working with either GC or GC-MS techniques; and
 - (d) be citizens of OPCW Member States from the Middle East region.
9. All workshop activities will be conducted in English, and no interpretation services of any kind will be provided. Participants are therefore expected to have a good command of the English language, both written and oral.
10. Participants may be required to sign both a set of terms and conditions for participation in the workshop and a confidentiality agreement with the OPCW.

Selection procedure

11. Applications will be carefully screened on the basis of the criteria specified in paragraph 8 above. Only the most suitable applicants will be interviewed. Eligible candidates from laboratories that have sought or are receiving support under the Laboratory-Assistance Programme are especially encouraged to apply.

Application procedure

12. Applicants from laboratories from the Middle East Member States are invited to complete the application form that is included as the Annex to this Note, making sure

in particular to provide all the contact details it requests. To facilitate communication with the Secretariat and with the Ben Hayyan Laboratories, each applicant must provide an e-mail address or a fax number. The completed form, together with a curriculum vitae and a recommendation from the National Authority or the Permanent Representation of the applicant's country, should be sent to the Head, International Cooperation Branch, International Cooperation and Assistance Division, OPCW, Johan de Wittlaan 32, 2517 JR The Hague, the Netherlands. Applications may also be submitted by fax to: +31 (0)70 416 3279 or +31 (0)70 306 3084, or by email to: icb@opcw.org.

13. All applications must be received by the Secretariat **no later than 30 June 2013**. Additional information may be obtained from the International Cooperation Branch, International Cooperation and Assistance Division, at the contact telephone numbers given below.
