NOTE BY THE TECHNICAL SECRETARIAT

CALL FOR NOMINATIONS FOR A COURSE ON THE ANALYSIS OF CHEMICALS RELATED TO THE CHEMICAL WEAPONS CONVENTION IN THE FRAMEWORK OF OPCW PROFICIENCY TESTING

MADRID, SPAIN
20 – 31 MAY 2013

1. The Technical Secretariat (hereinafter “the Secretariat”) of the OPCW wishes to invite applications from representatives of laboratories in Member States in the Latin America and the Caribbean region to attend a course on the analysis of chemicals related to the Chemical Weapons Convention (hereinafter “the Convention”), and related compounds, and on how the results of these analyses are reported during OPCW proficiency testing. The course will be held at Laboratorio de Verificación de Armas Químicas, LAVEMA, of the Instituto Tecnológico La Marañosa, Madrid, Spain, from 20 to 31 May 2013.

2. The course will be organised by Laboratorio de Verificación de Armas Químicas, LAVEMA, of the Instituto Tecnológico La Marañosa with the support of the OPCW. The course is intended both for laboratories that are active or plan to become active in the analysis of chemicals related to the Convention, and for those that are participating or intend to participate in OPCW proficiency testing.

3. The goal of the course is to improve participants’ practical skills in analysing chemicals related to the Convention using gas chromatography (GC) and gas chromatography-mass spectrometry (GC-MS). Participants will first be given an introduction on the chemicals related to the Convention, sample preparation techniques, and on the theoretical aspects of GC and GC-MS. Following the introduction, they will be introduced to sample analysis using GC equipment with different types of detectors as well as GC-MS equipment. A discussion will then take place on how to interpret the mass spectra that have emerged as a result of the analyses. The participants will also familiarise themselves with how to maintain these instruments in a manner that ensures a high standard of performance. Finally, they will be instructed on how to report these results during OPCW proficiency tests. The skills provided by the course may be utilised in analysing different types of environmental samples containing various types of chemicals.
4. The course will consist of the following elements:
   (a) the preparation of environmental samples;
   (b) the properties of Convention-related chemicals;
   (c) an introduction to GC and GC-MS equipment;
   (d) the interpretation of mass spectra;
   (e) exercises on sample preparation;
   (f) the use of GC and GC-MS equipment;
   (g) an introduction to the Convention and related compounds synthesis;
   (h) an introduction to HPLC-MS;
   (i) exercises in quality assurance and the maintenance of instruments; and
   (j) reporting results during OPCW proficiency tests.

5. The course will accommodate a maximum of 12 participants from Member States in the Latin America and the Caribbean region. The Secretariat will select participants in consultation with Laboratorio de Verificación de Armas Químicas, LAVEMA, of the Instituto Tecnológico La Marañosa, and will notify the successful candidates, who will then receive an official invitation to participate from the Secretariat.

6. For all participants, the Secretariat will cover the costs of international travel, medical insurance, and visas, and will provide a terminal allowance, as well as a daily allowance to cover meals, and incidental expenses in accordance with OPCW rules. When making international-travel arrangements, the Secretariat will seek the most economical options. It will purchase tickets and send either the tickets themselves or prepaid-ticket advice to participants. The Secretariat will not cover expenses unrelated to the meeting or that result from unauthorised changes to travel arrangements.

7. Laboratorio de Verificación de Armas Químicas, LAVEMA, of the Instituto Tecnológico La Marañosa will provide accommodation in Madrid for all participants. Information regarding the accommodation will be sent to participants together with the invitation.

8. Participants are requested to obtain any necessary visas before travelling to Spain. As noted above, the Secretariat will cover the costs of visas. It will reimburse participants upon production of original receipts. Information on applying for Schengen visas will be provided to participants once they have been selected.

9. Participants should:
(a) hold a degree or diploma in chemistry or analytical chemistry from a recognised university/institution;

(b) have at least three years of work experience in analytical chemistry or other relevant fields;

(c) have experience working with either GC or GC-MS techniques; and

(d) be citizens of the Latin American and the Caribbean region Member States.

10. The workshop and exercise will be conducted in Spanish, and no interpretation services of any kind will be provided. Participants are therefore expected to have a good written and oral command of Spanish.

11. Applicants from laboratories in Member States in the Latin America and the Caribbean region are invited to complete the form that is annexed hereto, making sure to provide all the information it requests, including contact details. The completed form, together with a detailed curriculum vitae and a recommendation from the National Authority or the Permanent Representation of the applicant’s country, should be sent to Head, International Cooperation Branch, International Cooperation and Assistance Division, OPCW, Johan de Wittlaan 32, 2517 JR The Hague, the Netherlands. Applications may also be submitted by fax to +31 (0)70 416 3279 or by email (with “Spain Course, La Marañosa, 2013” in the subject line) to icb@opcw.org. All applications must be received by the Secretariat no later than 15 March 2013.

12. Additional information may be obtained from the International Cooperation Branch, International Cooperation and Assistance Division, at the contact telephone numbers given below.

   Mr Julian Guerrero: +31 (0)70 416 3715
   Ms Julia Gonzalez: +31 (0)70 416 3239

COURSE ON THE ANALYSIS OF CHEMICALS RELATED TO THE CHEMICAL WEAPONS CONVENTION IN THE FRAMEWORK OF OPCW PROFICIENCY TESTING

MADRID, SPAIN
20 – 31 MAY 2013

APPLICATION FORM

Applicants should submit the completed form, along with a detailed curriculum vitae and a recommendation from the National Authority or the Permanent Representation of their State Party to the OPCW, by **15 March 2013** to:
The Head, International Cooperation Branch, International Cooperation and Assistance Division, OPCW
Johan de Wittlaan 32, 2517 JR The Hague, the Netherlands
Fax: + 31 (0)70 416 3279; e-mail: icb@opcw.org
All documentation must be received **no later than 15 March 2013**.

| 1. Family name* |  |
| 2. First name(s)* |  |
| 3. Date of birth | Day | Month | Year |
| 4. Citizenship |  |
| 5. Gender** | Male | Female |
| 6. Passport number |  |
| 7. Date of issue | Day | Month | Year |
| 8. Expiry date | Day | Month | Year |
| 9. Place of issue |  |
| 10. Areas of expertise |  |
| 11. Employer |  |
| 12. Contact address | Street Number Post code |
| (Please do not give a post-office box number.) | City |
| | Country |
| 13. E-mail address | Home Work |
| 14. Telephone numbers, including country and city codes | Mobile |
| 15. Fax numbers, including country and city codes | Home Work |
| 16. Have you previously participated in an exercise of this kind? | Yes | No |
| * Please give the first and family names exactly as they appear in the nominee’s passport. |
| ** For this and all similar items, please tick the appropriate box. |
17. Do you wish to be sponsored by the OPCW?  
   Yes ☐  No ☐

18. Would you like your name to be placed on our database for other courses?  
   Yes ☐  No ☐

19. Please briefly describe your practical and work experience, making sure to mention the analytical techniques you are familiar with, and referring to your curriculum vitae as necessary.
