The Technical Secretariat (hereinafter “the Secretariat”) of the Organisation for the Prohibition of Chemical Weapons (OPCW) wishes to invite applications from representatives of chemistry laboratories in Member States in the Latin America and Caribbean region to attend a course aimed at promoting chemical safety and security in laboratories.

The course will be organised by the National Authority of Argentina with the support of the OPCW, and is intended for the personnel of chemical, physical, and microbiological and other laboratories, to provide them with knowledge about safety and security aspects. It will focus on the importance of applying safety standards as they relate both to sites and to the handling of chemicals and microbiological agents and related processes.

The course is intended for professionals working on the application of occupational safety measures in chemical, physical, and microbiological laboratories.

The course will be held from 15 to 19 June 2015. Successful candidates should be prepared to travel one day before the course begins in order to be able to register and complete pre-course formalities in a timely manner.

Overall, the structure and content of the course have been adjusted according to the training needs of the region. The course will focus on the following modules:

(a) introduction to chemical safety and security;
(b) chemical, physical, biological, and radiological security;
(c) environmental pollution and occupational toxicology;
(d) handling and storage of chemicals;
(e) health and safety in the use of chemicals;
(f) hazardous waste management;
(g) safety devices and personal protection;
(h) laboratory emergencies;
(i) GHS\(^1\) and safety management systems; and
(j) design and construction of laboratories.

6. To assure that participants gain a profound understanding of the topics and exercises taught during the course, in a way that they can use and disseminate the methods and techniques learned, a final exam will take place at the end of the course.

7. All course activities will be conducted in Spanish, and interpretation services into English will be provided.

8. The course will accommodate a maximum of 25 participants from Member States in the Latin America and Caribbean region. The Secretariat will select participants and notify the successful candidates, who will then receive an official invitation from the Secretariat.

9. For all participants, the Secretariat will cover the costs of international travel, medical insurance, and visas, and will provide a terminal allowance, as well as a daily allowance to cover meals and incidental expenses, in accordance with OPCW rules. When making international travel arrangements, the Secretariat will seek the most economical options. It will purchase tickets and send either the tickets themselves or prepaid-ticket advice to participants. The Secretariat will not cover expenses unrelated to the meeting or that result from unauthorised changes to travel arrangements.

10. Accommodation in Buenos Aires will be provided to all sponsored participants. Information regarding the accommodation will be sent to participants together with the acceptance letter.

11. Participants are requested to obtain any necessary visas before travelling to Argentina. As noted above, the Secretariat will cover the costs of visas. It will reimburse participants upon production of original receipts.

12. Participants should:

(a) hold a professional degree in chemistry/biology/physics or a related engineering field, and have extensive experience working in or managing laboratories;

(b) be involved in activities related to chemical safety management, especially in laboratories, in their home countries or other States Parties;

(c) be willing to disseminate the knowledge gained during the course to assist the States Parties in the implementation of the Convention; and

(d) be proficient in Spanish or English.

\(^1\) GHS = Globally Harmonized System of Classification and Labelling of Chemicals.
13. Eligible candidates from government, industry, or academia who have work experience in managing laboratories in their country are especially encouraged to apply. Applications will be carefully screened on the basis of the criteria specified in paragraph 12 above.

14. Applicants to the course are invited to complete the application form annexed to this Note, making sure to provide all the contact details it requests, and in particular a valid e-mail address and/or fax number. Applicants who fail to provide all of the supporting documentation requested in section 5 of the application form cannot be considered. The completed form, together with a detailed curriculum vitae and a recommendation from the National Authority or Permanent Representation of the applicant’s country to the OPCW, should be sent to the Head of the International Cooperation Branch, International Cooperation and Assistance Division, OPCW, Johan de Wittlaan 32, 2517 JR The Hague, the Netherlands. Applications may also be submitted by e-mail to icb@opcw.org (quoting “Argentina Course, 2015” in the subject line). All applications must be received by the Secretariat no later than 20 March 2015.

15. Additional information may be obtained from the International Cooperation Branch, International Cooperation and Assistance Division, at the e-mail address icb@opcw.org or at the contact telephone numbers given below:
